

WANT TO STUDY ABROAD?

Your chance to broaden your horizons, with two exciting routes to pursue your study at foreign institutions:

- One semester at a university overseas with GIS's Overseas Academic Study (OAS) program
- Two semesters at a university overseas with the university's Year Abroad (HYA) program (or with OAS at Massey)

Either way, expect to earn credits toward your graduation from GIS. Entry is not open to all: every candidate's suitability is evaluated. However, the requirements are achievable.

Not sure if you want to go, which route you want to take, or which university you want to go to? Meet the staff and professors involved in the scheme, hear what they have to say about it and ask them questions.
