

Conduct guidelines for educational activities to prevent novel coronavirus infection

| Conduct restriction level | | Educational activities |
|---------------------------|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 0 | No restrictions | Classes will be held as usual. |
| Level 1 | Minimum restrictions | In-person classes will be held while taking care to prevent infection. An active effort will be made to use online classes. |
| Level 2 | Minor restrictions | Classes will, as a rule, be held online. Lectures with a small number of students, seminars, experiments, and practical training classes will be held in person with the utmost care taken to prevent infection. |
| Level 3 | Medium restrictions | As a rule, only online class will be held. Some classes, such as experiments and practical training, will be able to be held while taking exhaustive measures to avoid the “3Cs.” |
| Level 4 | Major restrictions | Only online class will be held. |
| Level 5 | Maximum restrictions | Only online class will be held. |
